

DE Tech Global Ltd

Safety First All-the-Time

Company Introduction

DE Tech Global Ltd is a dynamic company originally registered in 2008 offering services to the Defence, Security, Construction, and Marine and Subsea sectors. These services are:

- Defence Systems Management and Engineering.
- Risk Assessment and Resolution.
- Security and Threat Assessment.
- Specialist Training.
- Equipment Sales.

Operational safety whilst achieving and complying to best industry practice in meeting the client's service delivery objectives are of primary concern to DE Tech Global Ltd. The company is registered to conduct explosives/munitions related disposal activities in South Africa and operates in accordance with International Mine Action Standards (IMAS) and the International Association for Bomb Technicians and Investigators (IABTI) standards when working locally and abroad.

DE Tech Global Ltd has the operational experience, management and technical capabilities to perform services globally. Acting as both Principle Contractor and Sub-contractor the Company has a proven track-record of service delivery compliant with established risk and safety standards, relevant legislation and best-practices, such as:

- The South African Explosives Act and Regulations of 1956 (soon to be replaced by the South African Explosives Act and Regulations of 2003).
- Prohibition of Mercenary Activities and Regulation of certain Activities in Country of Armed Conflict Act No. 26 of 2006.
- International Ammunition Technical Guidelines (IATG).
- International Mine Action Standard (IMAS).
- Technical Note for Mine Action (TNMA).
- Geneva International Centre for Humanitarian Demining (GICHD).

DE Tech Global Ltd has active strategic partnerships with South African and international entities.
